

OFFICIAL PORTAL HANDOVER GUIDE

PARUL UNIVERSITY RESPECTIVE CELL PORTAL CELL HEAD USER GUIDE

"Complete Step-by-Step Departmental Training Management & Handover Manual"

HOW TO USE THIS GUIDE:

This handover manual is written for Cell Heads and Department Coordinators who manage students assigned to their department after selection by the Central Training & Placement Cell / Training and Employment Cell (TEC). It explains exactly **what to click, what to enter, and what to do next** from the day a student arrives in your portal until departmental training is completed and the student is handed back to the Internship Cell for corporate placement.

Portal Website:	https://coordinator.internship.paruluniversity.ac.in	Target Users:	Cell Heads / Department Coordinators
Your Role:	Departmental Coordinator	Workflow Scope:	From Assignment to Training Completion & Handover
Login Help:	Provided by Internship Cell	Academic Year:	2026 – 2027
Support Email:	internshipcell@paruluniversity.ac.in	Guide Date:	September 2026

IMPORTANT INSTITUTIONAL RESPONSIBILITY PRINCIPLE:

**"THE RESPECTIVE CELL MANAGES THE STUDENT'S TRAINING/DEPARTMENTAL PROCESS.
THE INTERNSHIP CELL HANDLES THE FINAL INTERNSHIP COMPLETION."**

Parul University Campus, P.O. Limda, Ta. Waghodia, Vadodara, Gujarat 391760

START HERE — YOUR ROLE IN THE INTERNSHIP PROCESS

Welcome to the **Parul University Respective Cell Portal**. As a Cell Head or Department Coordinator, your responsibility is to guide and supervise students who have been selected for corporate internships, ensuring they complete their required departmental training, laboratory attendance, and skill evaluation before being handed back to the Central Internship Cell.

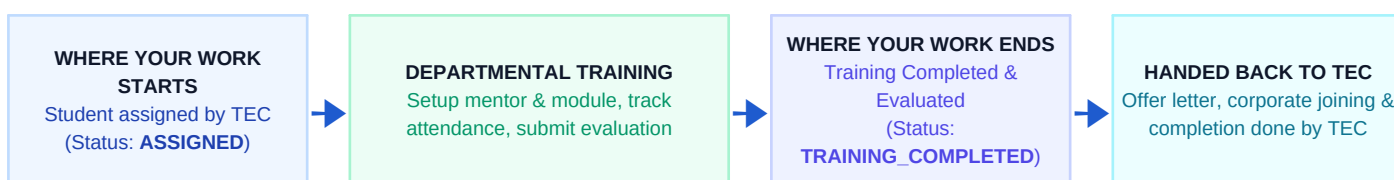

What Happens Before the Student Comes to You?

Before a student ever appears in your portal, the **Central Training & Placement Cell / Training and Employment Cell (TEC)** conducts company recruitment drives, coordinates candidate interviews, and officially selects the student for a corporate internship. Once selected, TEC assigns the student to your departmental cell (for example, Computer Science Cell, IT Cell, Mechanical Cell, etc.).

Your Responsibility Starts Here & Ends at Training Completion

Once TEC assigns the student, the student appears in your portal with the status **ASSIGNED**. You manage:

- **Reviewing Student Information:** Verifying academic standing (CGPA, 0 backlogs) and reading company directives in the TEC Remark box.
- **Training Setup:** Assigning a faculty mentor, selecting the training module curriculum, and setting start dates and lab venues.
- **Training Supervision:** Overseeing daily laboratory attendance and tracking practical exercises.
- **Performance Evaluation:** Rating the student's skills on a 1-to-10 scale across 4 competencies and writing mandatory feedback remarks.
- **Training Completion & Handover:** Submitting the evaluation marks the training **TRAINING_COMPLETED** and automatically returns the student to the Internship Cell.

Four Important Rules to Keep in Mind

1. **YOU DO NOT NEED TO CREATE THE STUDENT:** Student records and profile details are created automatically when TEC assigns the student. You never have to register new students.
2. **YOU DO NOT NEED TO CONDUCT INITIAL RECRUITMENT:** Company selection and corporate placements are managed centrally by the Internship Cell.
3. **YOUR RESPONSIBILITY ENDS AT TRAINING COMPLETION:** You complete the technical training, submit the evaluation, and hand the student back to the Internship Cell.
4. **JOINED & INTERNSHIP COMPLETION ARE DONE BY THE INTERNSHIP CELL:** You do not mark students as Joined or complete their internship. Those actions are updated and managed strictly by the Central Internship Cell.

OFFICIAL PORTAL WEBSITE

Always access the Respective Cell Portal using the official address:

<https://coordinator.internship.paruluniversity.ac.in>

Bookmark this link in Google Chrome on your office computer for quick daily access.

COMPLETE WORKFLOW AT A GLANCE

Here is the complete journey of a student in your portal, from the day they are assigned until their internship is finished. Notice how each step leads naturally to the next:

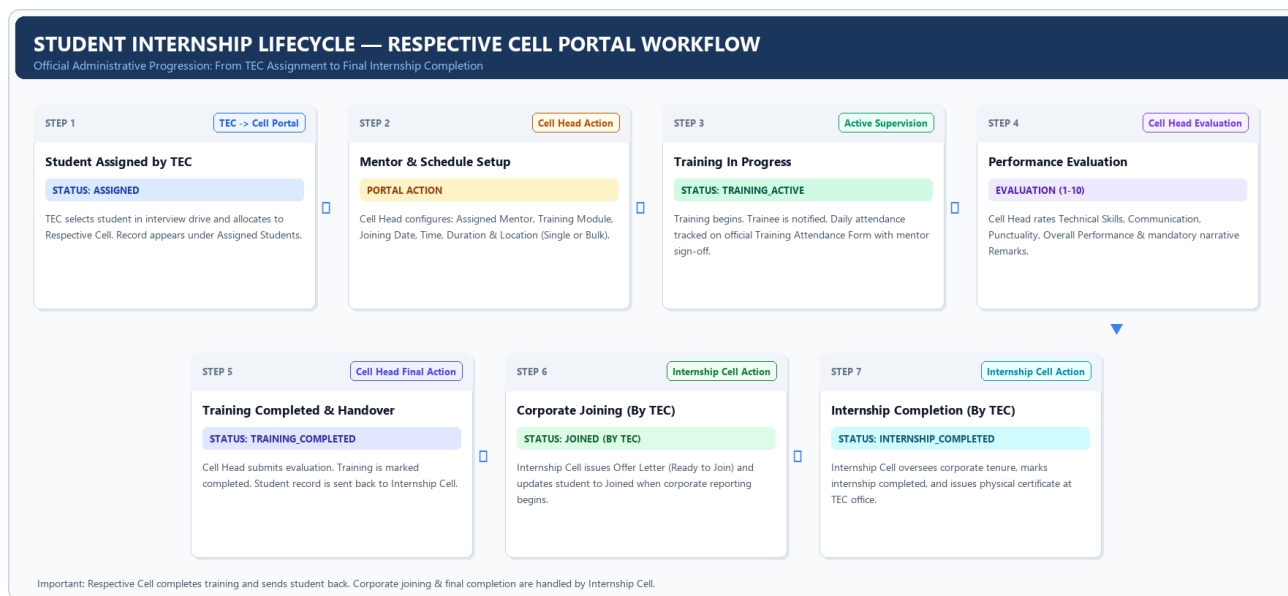

Figure 2.1: Simple Lifecycle Flowchart — From TEC Assignment to Internship Completion

The 7 Stages Explained Simply

Stage	Actual Status	Who Takes Action?	What You Need to Do
1. Student Arrives	ASSIGNED	TEC Cell	TEC assigns student to your cell. Student appears under Assigned Students .
2. Setup Training	ASSIGNED	Cell Head (You)	Open student profile, enter mentor, module, dates, times, and click Start Training .
3. Active Training	TRAINING_ACTIVE	Mentor & Trainee	Trainee attends lab sessions. Mentor verifies daily attendance on the physical form.
4. Evaluation	TRAINING_ACTIVE	Cell Head (You)	Click Submit Evaluation . Rate skills (1-10) and enter required feedback remarks.
5. Training Completed	TRAINING_COMPLETED	Cell Head (You)	Your final action! Submit evaluation. Training marked complete. Student sent back to TEC.
6. Corporate Joining	JOINED	Internship Cell	Updated by Internship Cell. TEC issues Offer Letter (Ready to Join) and marks Joined.
7. Final Completion	INTERNSHIP_COMPLETED	Internship Cell	Updated by Internship Cell. TEC oversees company tenure, marks completed, and issues certificate.

1. HOW TO LOG IN TO THE PORTAL

To start using the portal, open your web browser (Google Chrome is recommended) and follow these simple steps:

Figure 1.1: Sign-In Screen with Email and Password Fields

Step-by-Step Login Instructions

STEP 1 — Open the portal: Go to: <https://coordinator.internship.paruluniversity.ac.in>

STEP 2 — Enter your email: In the **EMAIL** box, enter the official email address provided to you by the Internship Cell.

STEP 3 — Enter your password: In the **PASSWORD** box, enter your departmental password. Click the eye icon (■) if you want to check what you typed.

STEP 4 — Click Continue: Click the blue **Continue** ➔ button. The system verifies your credentials and opens your Dashboard.

LOGIN CREDENTIALS & PASSWORD ASSISTANCE

Your login ID and password are provided by the Internship Cell.

You do not need to create a new account.

If you forget your password, if your password does not work, or if you cannot log in:

➔ **CONTACT INTERNSHIP CELL SUPPORT:** internshipcell@paruluniversity.ac.in

The Internship Cell administrator will securely reset your password from the Admin Portal and send you the new password. Do not look for an automated reset button on the login screen.

Changing the Password for Your Department

Once you log in using the temporary password given by the Internship Cell, you can change the password for your department:

1. In the left sidebar menu, click **Change Password**.
2. Enter the temporary password provided by the Internship Cell.
3. Enter your department's new secure password and confirm it.
4. Click **Save / Update**.

Your department can now use this new password for all future sign-ins.

Remember to Log Out When You Are Done

When you finish your work or step away from your desk, always click **Logout** at the bottom of the left sidebar. This protects student records and evaluations from unauthorized changes.

2. DASHBOARD — WHAT YOU NEED TO KNOW

The **Dashboard** is the first screen you see after logging in. It gives you a quick snapshot of where your students stand and what tasks need your attention today.

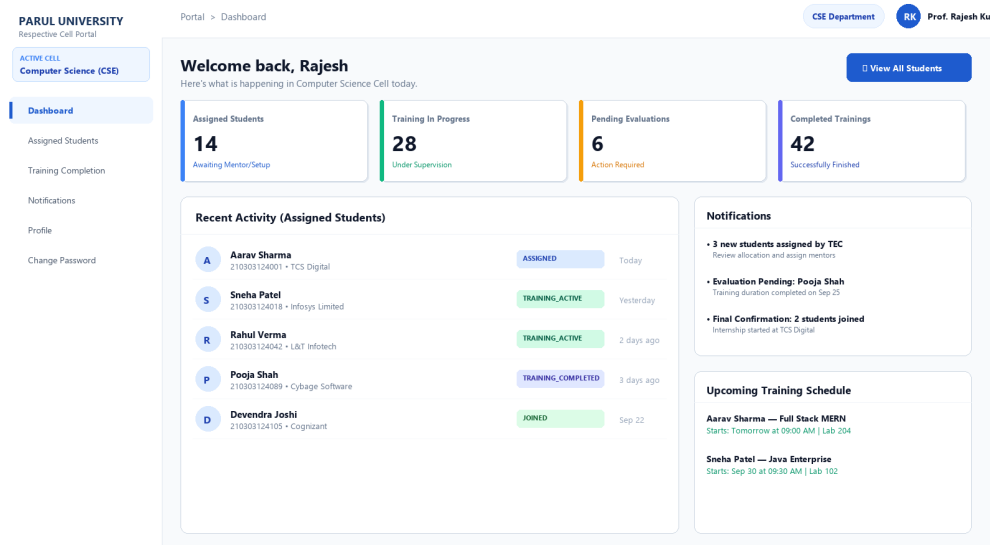

Figure 2.1: Dashboard Overview — 4 Status Cards, Recent Activity, and Schedules

The 4 Number Cards Explained Simply

Card Title & Color	What It Means	What Action You Should Take
Assigned Students Color: Blue	Students newly assigned to your cell who are waiting for mentor and training setup.	Click this card to open Assigned Students and schedule training for these students.
Training In Progress Color: Green	Students currently attending active technical training in departmental labs.	Ensure faculty mentors are conducting sessions and verifying daily attendance.
Pending Evaluations Color: Amber	Students who have finished their training days but have not received evaluation yet.	Action required: Open their profiles, enter 1-10 skill ratings, and submit evaluation.
Completed Trainings Color: Purple	Students whose training and evaluation have both been successfully completed.	No immediate action needed. These students are ready for corporate joining.

The Three Helpful Panels Below the Cards

- Recent Activity:** Shows the last 5 students assigned to your department. Click any student's name to open their profile immediately.
- Notifications Panel:** Displays recent administrative notices or new student arrival alerts.
- Upcoming Training Schedule:** Shows trainings starting within the next 7 days, including lab locations and start times.

■ WHAT DO I DO NOW?

If **Assigned Students** has a number greater than 0, click it to set up training.

If **Pending Evaluations** has a number greater than 0, open those students to rate their performance.

Current Status: **ANY STATUS** → Next Status: **DASHBOARD WORKFLOW**

3. NAVIGATION — SIDEBAR MENU GUIDE

The left sidebar menu is always available on every page. Use it to move between your students, training records, and settings:

Menu Item	What It Does	When You Should Use It
Dashboard	Shows your summary cards, recent arrivals, and upcoming training sessions.	Check this first every morning when you sign in.
Assigned Students	Your master student list. Search, filter, assign mentors, and schedule trainings.	Whenever you need to find a student, review records, or set up training.
Training Completion	List of all students who have successfully finished their training and evaluation.	When you want to review completed batches or check past training scores.
Notifications	Inbox showing system alerts, student arrival notices, and updates.	When the bell icon shows an unread badge number.
Profile	Displays your contact details and active department cell assignment.	To verify your phone number or notification preferences.
Change Password	Allows you to update your secret portal password securely.	After your first login, or whenever you want to update your password.
Logout	Ends your session securely and returns you to the login screen.	Every time you finish work or leave your desk.

Helpful Sidebar Indicators

- **Active Cell Badge:** Located right below the university logo. Shows your department name (e.g., *Computer Science (CSE)*). Confirms you are working within your department.
- **Red Badge Counter:** Appears next to Notifications whenever you have unread messages from TEC or the system.
- **Collapse Arrow:** On computer screens, you can click the small arrow on the edge of the sidebar to shrink it into icon-only mode if you want more screen room.

4. WHAT TO DO WHEN YOU RECEIVE A NEW STUDENT

THIS IS YOUR MOST IMPORTANT DAILY TASK. Follow these exact steps whenever TEC selects a student and assigns them to your department:

Step 1 — Notice that a Student Has Arrived

You will know a new student has arrived in two ways: the **Assigned Students** card on your Dashboard increases by 1, and an alert appears in your Notifications inbox. The student arrives with the status **ASSIGNED**.

Step 2 — Locate the Student in the Portal

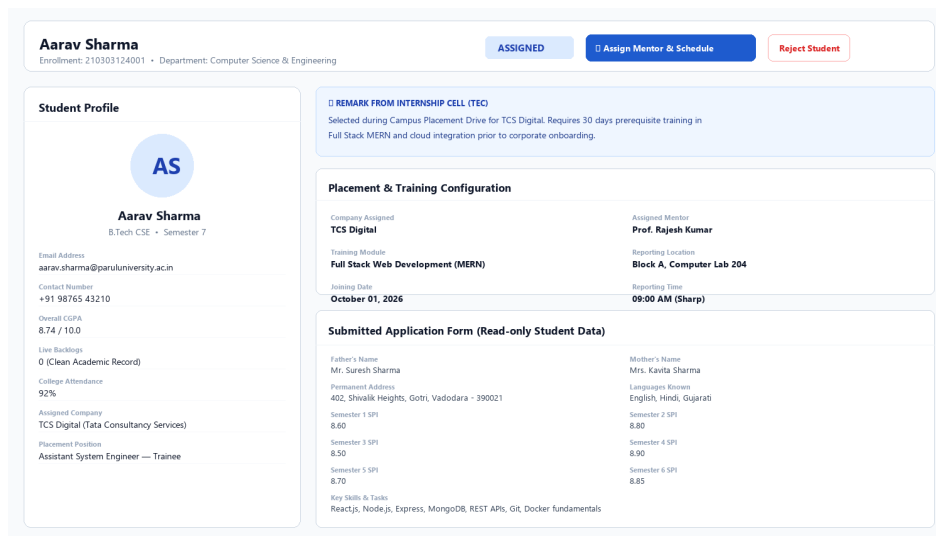

1. Click **Assigned Students** in the left sidebar menu.
2. In the search box at the top, type the student's name or 12-digit enrollment number (e.g. 210303124001).
3. Or click the **Filter by Status** dropdown and select **Assigned** to view all newly arrived students.

Assigned Students Manage candidates allocated to your respective departmental cell					
Search by name, enrollment number, company...			Filter by Status: All Statuses ▼		
3 students selected for batch action			Clear	Assign Mentor	Schedule
STUDENT NAME & EMAIL	ENROLLMENT & DEPT	COMPANY & MENTOR	TRAINING STATUS	ACTIONS	
☐ Aarav Sharma aarav.sharma@paruluniversity.ac.in	210303124001 B.Tech CSE - Sem 7	TCS Digital Pending Assignment	ASSIGNED	View Details

☐ Deepika Rao deepika.r@paruluniversity.ac.in	210303124035 B.Tech CSE - Sem 7	Infosys Limited Prof. Sunita Desai	TRAINING_ACTIVE	View Details	
☐ Eshan Patel eshan.p@paruluniversity.ac.in	210303124050 B.Tech CSE - Sem 7	L&T Infotech Prof. Rajesh Kumar	TRAINING_COMPLETED	View Details	
☐ Farhan Khan farhan.k@paruluniversity.ac.in	210303124062 B.Tech CSE - Sem 7	Cybage Software Prof. Sunita Desai	JOINED	View Details	

Figure 4.1: Assigned Students List — Search Bar, Status Filter, and Selection Checkboxes

Step 3 — Open the Student Record

In the table row, you will see the student's name, company, and the status badge **Assigned**. On the right side of the row, click the blue button: **View Details** (with the eye icon ). This opens the complete student profile.

Aarav Sharma
Enrollment: 210103124001 • Department: Computer Science & Engineering

Assigned Company
TCS Digital (Tata Consultancy Services)

Placement Position
Assistant System Engineer — Trainee

REMARK FROM INTERNSHIP CELL (TEC)
Selected during Campus Placement Drive for TCS Digital. Requires 30 days prerequisite training in Full Stack MERN and cloud integration prior to corporate onboarding.

Placement & Training Configuration

Company Assigned TCS Digital	Assigned Mentor Prof. Rajesh Kumar
Training Module Full Stack Web Development (MERN)	Reporting Location Block A, Computer Lab 204
Joining Date October 01, 2026	Reporting Time 09:00 AM (Sharp)

Submitted Application Form (Read-only Student Data)

Father's Name Mr. Suresh Sharma	Mother's Name Mrs. Kavita Sharma
Permanent Address 402, Shivalik Heights, Gohli, Vadodara - 390021	Languages Known English, Hindi, Gujarati
Semester 1 SPI 8.60	Semester 2 SPI 8.80
Semester 3 SPI 8.50	Semester 4 SPI 8.90
Semester 5 SPI 8.70	Semester 6 SPI 8.85
Key Skills & Tools React.js, Node.js, Express, MongoDB, REST APIs, Git, Docker fundamentals	

Figure 4.2: Student Profile — Personal Data, Placement Company, and TEC Remark Highlight Card

Step 4 — Verify Student Information & Check TEC Remarks

Before you set up training, check these important items:

- **Check the Blue TEC Remark Box:** Read the card titled '*Remark from Internship Cell (TEC)*'. This contains notes from the interviewers, such as what tech stack the company wants the student trained in.
- **Verify Academic Standing:** Confirm the student has **0 live backlogs** and belongs to your department.
- **Note the Assigned Company:** Check which company hired the student (e.g., *TCS Digital*).

Step 5 — Complete Training Setup

At the top of the student profile, click the blue button:  **Assign Mentor & Schedule**. A form opens asking for 6 items: Assigned Mentor, Training Module, Start Date, Duration (Days), Reporting Time, and Location. Fill in these 6 fields.

Step 6 — Save & Start Training

Click the blue button at the bottom of the form: **Start Training & Notify**. The system saves your schedule, notifies the student, and automatically creates the student's printable Training Attendance Form.

Step 7 — Check the Updated Status

The student's status badge immediately changes from **Assigned** to **Training Active** (TRAINING_ACTIVE). Your first-day setup for this student is now complete!

■ WHAT DO I DO NOW?

Current Status: **ASSIGNED** → Next Status: **TRAINING_ACTIVE**

Click **Assign Mentor & Schedule** → Fill in the 6 training fields → Click **Start Training & Notify**.

5. STUDENT & INTERNSHIP DETAILS SCREEN

When you click **View Details** on any student, you open their comprehensive student dossier. Here is what each section shows and whether you can edit it:

Information Field	What It Shows	Can I Edit It?	What You Should Check
Student Full Name	Official student name matching university records.	Read-Only	Verify against student ID card.
Enrollment Number	12-digit permanent university enrollment ID.	Read-Only	Key identifier for marks and attendance.
Department & Semester	Academic branch and current semester.	Read-Only	Confirm student belongs to your department.
Email & Phone	Direct contact details of the student.	Read-Only	Use this if you need to call the student.
Assigned Company	Company that selected the student.	Read-Only	Determines training topic needed.
TEC Assignment Remark	Special notes and directives from interviewers.	Read-Only	Must read! Tells you what company requested.
CGPA & Live Backlogs	Academic score and backlog count.	Read-Only	Backlogs must be 0 for company clearance.
Assigned Mentor	Faculty member overseeing the training.	Editable	Entered during training setup.
Training Module	Curriculum topic being taught in lab.	Editable	Align with company requirements.
Start Date & Time	First day and morning check-in time.	Editable	Ensure lab is available on this date.
Reporting Location	Campus lab or room number.	Editable	e.g., Block A, Computer Lab 204.

REMEMBER: READ-ONLY VS EDITABLE

Student personal and academic details come directly from TEC and university databases. You cannot edit student names or CGPA. You have full control over the **Mentor, Training Module, Start Date, Duration, Reporting Time, and Location**.

6. TRAINING SETUP (SINGLE STUDENT & BULK BATCH)

You can schedule training in two ways: for an **individual student**, or for an entire **batch of students** at once.

← Back to Profile **Assign Training Details — Aarav Sharma (210303124001)**

Training Configuration & Mentor Assignment
Please enter the scheduled training parameters for this student.

ASSIGNED MENTOR * Prof. Rajesh Kumar Assigned faculty member overseeing training	TRAINING MODULE * Full Stack Web Development using MERN Core technical syllabus/curriculum
JOINING / START DATE * 2026-10-01 Official first date of training	DURATION (DAYS) * 30 Total training length (typically 15 to 90 days)
REPORTING TIME * 09:00 AM Daily morning check-in time	REPORTING LOCATION * Block A, Computer Lab 204 Physical campus lab or company center

Cancel **Start Training & Notif**

Figure 6.1: Training Setup Form — The 6 Required Training Fields

The 6 Training Fields Explained

1. **Assigned Mentor:** Enter the name of the departmental faculty member who will supervise the student (e.g., *Prof. Rajesh Kumar*).
2. **Training Module:** Enter the technical curriculum title (e.g., *Full Stack Web Development using MERN*).
3. **Joining / Start Date:** Choose the first day of training from the calendar picker.
4. **Duration (Days):** Enter the total number of days (usually 30 days, or as requested by the company).
5. **Reporting Time:** Enter the daily morning check-in time (e.g., *09:00 AM*).
6. **Reporting Location:** Enter the physical campus venue (e.g., *Block A, Computer Lab 204*).

Method B: Bulk Setup for Batches of Students

If 5 or 10 students were selected for the same company, setting them up one by one takes too long. Use Bulk Setup:

1. In **Assigned Students**, check the small boxes next to the students you want to schedule.
2. A blue floating bar appears showing: '*[X]* selected' with buttons: **Assign Mentor** and **Schedule Training**.
3. Click **Schedule Training**, fill in the mentor, module, date, time, and location once, and click **Start for [X]**.
4. All selected students move to **Training Active** at the exact same moment!

■ WHAT DO I DO NOW?

Current Status: **ASSIGNED** → Next Status: **TRAINING_ACTIVE**

Form submitted → Status becomes **TRAINING_ACTIVE** → Trainee reports to lab on the start date.

7. TRAINING PROCESS & SUPERVISION

Once training is started, the student enters the active training period. Here is what happens on a daily basis and how you supervise the trainee:

What Happens During Training?

- **Daily Lab Attendance:** The student reports to the assigned campus lab at the scheduled morning time (e.g., 09:00 AM).
- **Curriculum & Practical Tasks:** The faculty mentor guides the student through hands-on coding, practical exercises, or technical assignments.
- **Physical Attendance Verification:** The student logs their daily session topic on the physical **Training Attendance Form** and the mentor signs each day's row.
- **Status in Portal:** The student remains in **TRAINING_ACTIVE** throughout this period.

What if a Student Does Not Report or Abandons Training?

If a student never shows up, behaves poorly, or fails to participate, your department has an official safeguard: the **Reject Student** button.

- **When can you reject?** You can reject a student anytime BEFORE they officially join the company (while in ASSIGNED, TRAINING_ACTIVE, TRAINING_COMPLETED, or READY_TO_JOIN).
- **How to do it:** Open the student's profile, click the red button **Reject Student**, type the reason (minimum 3 characters, e.g., '*Student failed to report for scheduled training without permission*'), and confirm.
- **What happens:** The placement is closed, status changes to **Rejected** (REJECTED), and automated alerts are sent to the student and TEC. The company seat is released.

Current Status: **TRAINING_ACTIVE** → Next Status:
TRAINING_COMPLETED (AFTER EVALUATION)

■ WHAT DO I DO NOW?

Supervise lab sessions → Check physical attendance → When training duration ends, proceed to **Evaluation**.

8. WHAT HAPPENS AFTER TRAINING? (HANDOFF TO INTERNSHIP CELL)

A CRITICAL RULE TO UNDERSTAND:

Your department's active responsibility finishes as soon as you complete the student's training and submit their evaluation. Here is how the handover to the Internship Cell works and who does what:

Lifecycle Stage	Stage 1: Departmental Training (Your Responsibility)	Stage 2: Corporate Internship (Internship Cell)
Where It Happens	On campus, in Parul University laboratories or classrooms.	At the corporate employer's workplace or company site.
Who Manages It	Cell Head & Faculty Mentor (You)	Central Internship Cell (TEC) & Company Manager
Portal Status	ASSIGNED → TRAINING_ACTIVE → TRAINING_COMPLETED	READY_TO_JOIN → JOINED → INTERNSHIP_COMPLETED
Who Updates Status?	You (by scheduling training & submitting evaluation).	Internship Cell (You do NOT update joined or completed).
Final Outcome	Training marked completed; student sent back to TEC.	TEC marks completed and physically issues certificate.

What Happens After You Complete Training?

- You Submit Evaluation:** When training days end, you submit the 1-10 skill evaluation. Status becomes **TRAINING_COMPLETED**.
- Student is Sent Back to Internship Cell:** The system automatically notifies the Internship Cell. Your active work for this student is now done!
- Internship Cell Issues Offer Letter:** TEC coordinates with the company, verifies clearance, and sets the status to **READY_TO_JOIN**.
- Internship Cell Marks Corporate Joining:** When the student reports to the company workplace, **the Internship Cell updates the status to JOINED**.
- Internship Cell Completes Internship:** When corporate tenure finishes, **the Internship Cell marks the internship as INTERNSHIP_COMPLETED** and issues the physical certificate.

Current Status: **TRAINING_COMPLETED** → Next Status: **HANDED BACK TO INTERNSHIP CELL**

■ WHAT DO I DO NOW?

Evaluation submitted → Training marked complete → Student sent back to Internship Cell → TEC takes over for corporate joining!

9. PERFORMANCE EVALUATION & FEEDBACK FORM

When the scheduled training duration is finished, the Cell Head must formally evaluate the student's performance. This evaluation certifies that the student is ready to represent Parul University at their employer.

← Back to Profile **Performance Evaluation — Aarav Sharma (210303124001)**

Training Performance Evaluation & Sign-off
Rate the trainee across core competencies (1 to 10 scale) and record mandatory final remarks.

Technical Skills (1-10) * 9 Proficiency in MERN stack, database design, and REST APIs	Communication Skills (1-10) * 8 Verbal articulation, team collaboration, and client interactions
Punctuality & Discipline (1-10) * 10 Attendance consistency, task deadlines, and laboratory conduct	Overall Performance (1-10) * 9 Holistic assessment and readiness for corporate placement

REMARKS / EVALUATION FEEDBACK (MANDATORY, MINIMUM 5 CHARACTERS) *

Candidate demonstrated outstanding technical acumen throughout the 30-day training period.
Consistently produced clean, modular code and showed excellent problem-solving skills in React and Node.js.
Fully recommended for Ready-To-Join clearance and corporate onboarding at TCS Digital.

Submit Evaluation & Complete Training

Figure 9.1: Evaluation Modal — 4 Competency Scores (1 to 10 Scale) and Feedback Remarks

Step-by-Step Evaluation Procedure

1. Open the student's record in **Assigned Students** (student must be in **TRAINING_ACTIVE**).
2. On the top action bar, click the amber button: **Submit Evaluation** (with clipboard icon 📋).
3. Enter ratings from **1 to 10** for each of the 4 core competencies:
 - **Technical Skills (1–10)**: Mastery of programming, lab tasks, and module curriculum.
 - **Communication Skills (1–10)**: Verbal clarity, teamwork, and presentation of work.
 - **Punctuality & Discipline (1–10)**: Daily attendance, promptness, and laboratory conduct.
 - **Overall Performance (1–10)**: Overall readiness for corporate placement.
4. In the **Remarks / Feedback** box, enter mandatory feedback (minimum 5 characters, e.g., *'Student showed excellent dedication and built clean web projects. Highly recommended.'*).
5. Click the amber button: **Submit Evaluation & Complete Training**.
6. The status immediately updates to **Training Completed** (**TRAINING_COMPLETED**).

Current Status: **TRAINING_ACTIVE** ➔ Next Status: **TRAINING_COMPLETED**

■ WHAT DO I DO NOW?

Click **Submit Evaluation** → Rate 4 skills (1-10) & enter remarks → Click Submit → Status becomes **TRAINING_COMPLETED**.

10. TRAINING COMPLETION & HANDOVER TO INTERNSHIP CELL

COMPLETING THE RESPECTIVE CELL'S PROCESS & HANDOVER

When the student finishes their scheduled laboratory training duration, the Respective Cell wraps up its departmental responsibilities, completes the required evaluation, verifies all training records, updates the training status, and returns the student to the Central Internship Cell. **The Respective Cell DOES NOT mark the final internship completed.**

← Back to Profile Performance Evaluation — Aarav Sharma (210303124001)

Training Performance Evaluation & Sign-off

Rate the trainee across core competencies (1 to 10 scale) and record mandatory final remarks.

Technical Skills (1-10) * 9 Proficiency in MERN stack, database design, and REST APIs	Communication Skills (1-10) * 8 Verbal articulation, team collaboration, and client interactions
Punctuality & Discipline (1-10) * 10 Attendance consistency, task deadlines, and laboratory conduct	Overall Performance (1-10) * 9 Holistic assessment and readiness for corporate placement

REMARKS / EVALUATION FEEDBACK (MANDATORY, MINIMUM 5 CHARACTERS) *

Candidate demonstrated outstanding technical acumen throughout the 30-day training period.
Consistently produced clean, modular code and showed excellent problem-solving skills in React and Node.js.
Fully recommended for Ready-To-Join clearance and corporate onboarding at TCS Digital.

Submit Evaluation & Complete Training

Figure 10.1: Performance Evaluation Modal — Submitting Evaluation Marks Training Completed

The 6 Essential Steps to Complete the Respective Cell's Process

- 1. Complete All Activities Required from the Respective Cell:** Ensure that all scheduled training sessions, laboratory practicals, and syllabus modules have been fully delivered by the faculty mentor.
- 2. Verify That Training Information is Correct:** Inspect the physical Training Attendance Form. Confirm that the student attended at least 80% of lab sessions, that daily topics were recorded, and that the faculty mentor signed the verification grid.
- 3. Complete the Required Training Evaluation:** In **Assigned Students**, locate the student (status: **TRAINING_ACTIVE**), click **View Details**, and click the amber button **Submit Evaluation**.
- 4. Ensure Required Training Information/Status is Updated:** Rate the 4 core competencies (Technical, Communication, Punctuality, Overall) from 1 to 10 and enter mandatory narrative feedback (minimum 5 characters). Click **Submit Evaluation & Complete Training**. The status immediately updates to **TRAINING_COMPLETED**.
- 5. Information & Status Handled by Internship Cell:** The student's completed training record and evaluation scores are automatically sent back and made available to the Central Internship Cell / TEC Cell for subsequent corporate onboarding.
- 6. Respective Cell DOES NOT Mark Final Internship Completed:** The Respective Cell's responsibility concludes at **TRAINING_COMPLETED**. Corporate offer letters, corporate joining (**JOINED**), final internship completion (**INTERNSHIP_COMPLETED**), and physical certificate issuance are handled exclusively by the Internship Cell.

CRITICAL RESPONSIBILITY BOUNDARY

THE RESPECTIVE CELL MANAGES THE STUDENT'S TRAINING/DEPARTMENTAL PROCESS.

THE INTERNSHIP CELL HANDLES THE FINAL INTERNSHIP COMPLETION.

- **What You Update:** Training setup, attendance verification, evaluation submission, and marking **TRAINING_COMPLETED**.
- **What Internship Cell Updates:** Corporate offer letters (**READY_TO_JOIN**), reporting to company (**JOINED**), closing the complete internship lifecycle (**INTERNSHIP_COMPLETED**), and physical certificate issuance at Central Internship Cell Office.

■ WHAT DO I DO NOW?

Submit Evaluation → Status becomes **TRAINING_COMPLETED** → Student information returned to Internship Cell. **Respective Cell process completed!**

Current Status: **TRAINING_ACTIVE** → Next Status:
TRAINING_COMPLETED (HANDED TO TEC)

11. COMPLETE STATUS GUIDE

Whenever you look at a student's record, you will see a status badge. Here is what each status means and what action you should take:

Status Badge	Simple Meaning	What You Should Do
ASSIGNED Blue Badge	Student was selected by TEC and assigned to your department. Awaiting training setup.	Handled by You. Open student profile & click Assign Mentor & Schedule (or Bulk Setup) to start training.
TRAINING_ACTIVE Green Badge	Student is currently attending daily technical training in your labs.	Handled by You. Supervise lab sessions, check daily attendance form, and prepare for evaluation.
TRAINING_COMPLETED Purple Badge	Training conducted by the Respective Cell has been completed. The student can now proceed to the next stage handled by the Internship Cell.	Handled by Respective Cell (Final Action). Submit evaluation and update status. Student information is returned to Internship Cell. <u>Do not mark internship completed.</u>
READY_TO_JOIN Teal Badge	TEC generated the Offer Letter and cleared student for corporate onboarding.	Handled strictly by Internship Cell / TEC Cell. Read-only in your portal. No action required from Respective Cell.
JOINED Dark Green Badge	Student has officially started work at the corporate company site.	Handled strictly by Internship Cell / TEC Cell. Read-only in your portal. The Respective Cell does not update this status.
INTERNSHIP_COMPLETED Cyan Badge	Final corporate internship completed and certified by university.	Handled strictly by Internship Cell / TEC Cell. The Respective Cell does NOT mark this status. TEC closes the lifecycle and issues physical certificate at Central Internship Cell Office.
REJECTED Red Badge	Department rejected student prior to joining due to absence or poor discipline.	Placement closed. Student remains eligible for other recruitment drives.
TERMINATED Dark Red Badge	Internship cancelled after joining due to serious disciplinary/corporate default.	Permanent disciplinary closure; TEC and student formally notified.

12. NOTIFICATIONS & DOCUMENTS DIRECTORY

Understanding Notifications

Click **Notifications** in the sidebar to view alerts sent to your department. Here are the 4 types of notifications you will receive:

Alert Category	Color Badge	When It Arrives	What You Should Do
NEW_ASSIGNMENT	Amber	TEC assigns a new student to your department cell.	Open Assigned Students and set up their training schedule.
TRAINING_COMPLETION	Green	Generated when technical training and evaluation are logged.	Review record in Training Completion module.
FINAL_CONFIRMATION	Purple	Student joins company or finishes internship tenure.	Confirm student status; prepare for final completion.
GENERAL	Gray	University circulars or administrative bulletins.	Read directive and adhere to instructions.

Official Documents Directory

These are the 3 official documents associated with the student's internship:

Document Name	Type	When Available	Where It Goes & Purpose
Training Attendance Form	Printable PDF	After Training Setup (TRAINING_ACTIVE)	Printed and used in departmental labs for daily student and mentor session signatures.
Submitted Application Dossier	Digital Screen	Anytime on Student Details page	Read-only record showing student CGPA, backlogs, SPI scores, and address submitted to TEC.
Internship Certificate	Physical Embossed Paper	Post-Completion (INTERNSHIP_COMPLETED)	Issued physically by TEC Office. Trainee collects it directly from Central Internship Cell Office.

13. SOMETHING IS NOT WORKING? (TROUBLESHOOTING)

Here are quick, practical solutions for the most common issues you might encounter:

■ I forgot my password / My password does not work

→ Contact the Internship Cell.

The Internship Cell administrator will reset your password from the Admin Portal and email you the new password. Do not look for an automated reset button.

■ I cannot log in to the portal

→ Check your spelling once. Make sure Caps Lock is off and your email is entered correctly. If the issue remains, **contact the Internship Cell** to confirm your account is active.

■ A selected student is not visible in my Assigned Students list

- **1. Clear your search box:** Make sure no extra spaces or letters are in the search box.
- **2. Check the Status Filter:** Change the filter dropdown to '*All Statuses*'.
- **3. Contact TEC:** Confirm with TEC that the student was assigned to your specific department cell.

■ The 'Assign Mentor & Schedule' button is missing

→ Check the student's status badge. This button is only available when the student is in **ASSIGNED** status. If the status is already *Training Active*, training has already been scheduled.

■ The 'Submit Evaluation' button is not working or cannot be clicked

- **1. Status check:** Evaluation can only be submitted for students in **TRAINING_ACTIVE** status.
- **2. Rating range:** Make sure all 4 skill ratings are numbers between 1 and 10.
- **3. Remarks length:** Make sure your Remarks box has at least 5 characters (a single word like 'Good' will not submit).

■ Can I mark the student's internship as completed?

→ No. The Respective Cell **DOES NOT** mark the internship as completed.

The Respective Cell's responsibility concludes once university training and evaluation are completed (status: **TRAINING_COMPLETED**). The final internship completion (**INTERNSHIP_COMPLETED**) is handled exclusively by the Central Internship Cell / TEC Cell after corporate tenure finishes.

14. IMPORTANT RULES FOR CELL HEADS

Please follow these 7 simple operating rules to keep all student records accurate and compliant:

RULE 1: Verify Before You Submit

Always check the student's enrollment number, department, and zero live backlogs before saving training details. Once you click 'Start Training', notifications go out immediately to the student and central offices.

RULE 2: Accurate Dates & Times Matter

Make sure training start dates and morning times match the actual availability of departmental computer labs. Inaccurate dates cause confusion for students and mentors.

RULE 3: Keep Your Credentials Private

Your login account carries departmental authority (you can evaluate, reject, or terminate students). Never share your password with student assistants or unauthorized staff.

RULE 4: Your Active Scope Ends at Training Completion

The Cell Head's authority and responsibility are focused on completing departmental training and evaluating the student. Once you mark training completed, the student is handed back to the Internship Cell. The Respective Cell MUST NOT mark the final internship completed, set INTERNSHIP_COMPLETED status, or close the student's complete internship lifecycle.

RULE 5: Always Write Clear Reasons for Rejection or Termination

If you ever have to reject a student before joining or terminate an internship, always type clear, factual reasons in the remarks box. These become permanent university records.

RULE 6: Never Print Unofficial Certificates

Official Parul University Internship Certificates are issued physically by the Central Internship Cell (TEC) office only. Never print homemade certificates from departmental computers.

RULE 7: Submit Evaluations Promptly

When a student's training days are finished, submit their evaluation within 48 hours. Delayed evaluations hold up TEC from issuing company Offer Letters, which can delay student joining dates.

15. STEP-BY-STEP EXAMPLE WALKTHROUGH

Example — A student selected by TEC is assigned to your cell:

Here is the complete journey of how Cell Coordinator Prof. Rajesh Kumar handles student *Aarav Sharma* from start to finish:

- **Step 1: Student is Assigned:** TEC selects Aarav Sharma for TCS Digital and assigns him to the Computer Science Cell. Status = ASSIGNED.
- **Step 2: Coordinator Logs In:** Prof. Kumar opens <https://coordinator.internship.paruluniversity.ac.in>, enters his credentials provided by Internship Cell, and lands on Dashboard.
- **Step 3: Locates the Student:** Prof. Kumar clicks 'Assigned Students', finds Aarav Sharma, and clicks 'View Details' to review his dossier.
- **Step 4: Reviews Student & Prerequisites:** Prof. Kumar verifies Aarav's 8.74 CGPA, 0 live backlogs, and reads the TEC Remark: 'Requires 30 days MERN Full Stack training.'
- **Step 5: Sets Up Training:** Prof. Kumar clicks 'Assign Mentor & Schedule', enters Mentor: Prof. Rajesh Kumar, Module: Full Stack MERN, Start Date: Oct 01, Time: 09:00 AM, Lab: Block A Lab 204, Duration: 30 days.
- **Step 6: Starts Training:** Prof. Kumar clicks 'Start Training & Notify'. Status changes to TRAINING_ACTIVE. The official Training Attendance Form PDF is generated.
- **Step 7: Conducts & Monitors Training:** Aarav attends 30 days of lab training. On each day, Aarav logs the session topic on the form and Prof. Kumar signs the row (attendance exceeds 80%).
- **Step 8: Completes Training Evaluation:** After 30 days, Prof. Kumar clicks 'Submit Evaluation', enters ratings (Technical: 9, Communication: 8, Punctuality: 10, Overall: 9), and writes feedback remarks. He clicks 'Submit Evaluation & Complete Training'. Status = TRAINING_COMPLETED.
- **Step 9: Information & Status Returned to Internship Cell:** Prof. Kumar's process is complete! Aarav's completed training record and evaluation scores are automatically returned to the Central Internship Cell. The Respective Cell takes no further action.
- **Step 10: Internship Cell Takes Over (Offer Letter):** TEC verifies training clearance, coordinates with TCS Digital, generates the corporate Offer Letter, and updates status to READY_TO_JOIN.
- **Step 11: Internship Cell Marks Corporate Joining:** When Aarav reports to the TCS Digital corporate office, the Internship Cell updates his status to JOINED (Prof. Kumar does not update this).
- **Step 12: Corporate Internship Tenure:** Aarav completes 6 months of corporate internship at TCS Digital under corporate supervision.
- **Step 13: Final Completion Handled by TEC:** The Internship Cell marks the final internship as INTERNSHIP_COMPLETED. Aarav visits Central Internship Cell Office to collect his official physical university certificate.
- **Step 14: Lifecycle Completed by Internship Cell:** Aarav's complete internship lifecycle is closed and archived by the Central Internship Cell.

16. FINAL ADMINISTRATIVE CHECKLIST

You can print this verification checklist or keep it handy to audit any student's file:

Step	Verification Checkpoint Item	Check
Student Information Verified	Student received from Internship Cell; enrollment number, department, CGPA, and zero live backlogs verified.	■ DONE
Training Requirements Checked	Reviewed TEC Remark box for corporate prerequisites and required technical training curriculum.	■ DONE
Training Setup Completed	Assigned faculty mentor, selected training module, and configured start date, reporting time, lab location, and duration.	■ DONE
Training Started & Notified	Clicked 'Start Training & Notify'; status updated to TRAINING_ACTIVE; Training Attendance Form generated.	■ DONE
Training Conducted / Managed	Supervised daily laboratory sessions and practical technical exercises in departmental computer lab.	■ DONE
Training Attendance Completed	Verified student physical attendance on Training Attendance Form PDF with daily mentor signatures (80%+ threshold met).	■ DONE
Training Evaluation Completed	Submitted 1-10 competency ratings (Technical, Communication, Discipline, Overall) and mandatory narrative remarks.	■ DONE
Training Completion Verified	Training marked complete; status confirmed as TRAINING_COMPLETED in portal records.	■ DONE
Status Returned to Internship Cell	Student information, attendance record, and evaluation scores made available and returned to Central Internship Cell.	■ DONE
Respective Cell Process Completed	Departmental process officially finished! Subsequent corporate joining and final internship completion are handled by Internship Cell.	■ DONE

RESPECTIVE CELL — QUICK DESK GUIDE

KEEP THIS ONE-PAGE GUIDE AT YOUR DESK FOR QUICK DAILY REFERENCE

1. RECEIVE STUDENT	Student assigned by TEC → Appears under Assigned Students → Status: ASSIGNED
2. REVIEW STUDENT	Click 'View Details' → Verify CGPA, 0 backlogs & read the blue TEC Remark card
3. TRAINING SETUP	Click 'Assign Mentor & Schedule' → Enter Mentor, Module, Date, Time, Duration & Lab
4. START TRAINING	Click 'Start Training & Notify' → Status: TRAINING_ACTIVE → Trainee attends lab sessions
5. ATTENDANCE	Track on Training Attendance Form PDF → Mentor signs daily grid (80%+ required)
6. TRAINING EVALUATION	Training ends → Click 'Submit Evaluation' → Rate 4 skills (1-10) + Remarks
7. TRAINING COMPLETED	Click 'Submit & Complete' → Status: TRAINING_COMPLETED → Student returned to TEC
8. PROCESS COMPLETED	Respective Cell process finished! Student dossier handed back to Internship Cell
9. CORPORATE STAGE (BY TEC)	Internship Cell issues Offer Letter (READY_TO_JOIN) and updates status to JOINED
10. FINAL COMPLETION (BY TEC)	Internship Cell monitors corporate tenure, marks INTERNSHIP_COMPLETED & issues certificate!

KEY ACTION BUTTONS (YOUR CELL)

- **Assign Mentor & Schedule:** Appears on ASSIGNED. Sets training details.
- **Submit Evaluation:** Appears on TRAINING_ACTIVE. Rates student skills (1-10).
- **Submit & Complete Training:** Marks training complete and returns student to TEC.
- **Reject Student:** Permitted before joining if trainee abandons training.
- **Joined & Complete Internship:** Handled strictly by **Internship Cell**, not by you.

CORE RESPONSIBILITY BOUNDARY

- **THE RESPECTIVE CELL MANAGES THE STUDENT'S TRAINING PROCESS.**
- **THE INTERNSHIP CELL HANDLES THE FINAL INTERNSHIP COMPLETION.**
- **Your Scope:** Ends at **TRAINING_COMPLETED** after evaluation is submitted.
- **Subsequent Stages:** Offer Letter, JOINED, and INTERNSHIP_COMPLETED are done by TEC.
- **Internship Cell Support:** internshipcell@paruluniversity.ac.in
